GERMANS LEAVE BELGIAN COAST

Kaiser's Army Now Reported to be Massing at Antwerp.

HEAVY CANNON FIRE.

Allied Warships Resume Bombardment of Teuton Base—Aeroplanes Are Circling Flanders.

London Nov. 28.—The Germans are withdrawing from the Belgian coast and concentrating at Antwerp, according to a Rotterdam dispatch to the Daily Mail today.

Heavy gun fire was heard at Zee Brugge Friday afternoon, the dispatch states. The allied warships were apparently again bombarding the German naval base.

French and British aeroplanes are now circing Flanders with impunity. The German guns especially designed for attacks upon aircraft have been unable to hit the allied fliers.

C. R. Simpson, senior sagamore.

N. L. Williamson, junior sagamore.

John W. Schofield, prophet.

George K. Bender, Chief of Records.

A. L. Sullivan, collector of wampum.

The committee which has been making preparations for the service is composed of N. L. Williamson, Clarence Purcell, and C. C. Brawner.

THANKSGIVING DONATIONS.

Almost 100 Baskets Donated to Poor of City.

A committee from the primary and grammer grades of the Parents' and Teachers' Association was appointed to go through the schools and solicit contributions for Thanksgiving offerings. They asked in each room that each child bring on Wednesday one apple, one potato or one penny or any thing else not over the value of 10 cents.

In this awy the committee hoped to make the pupils realize how if each one gave his mite the whole would amount to a great deal and by limiting it that no child should feel badly because he didn't bring as much as his neighbor.

These offerings were to be divided between deserving ones and the Children's Home.

The response was most gratifying. At least 100 baskets or boxes were delivered at homes where they were heartily welcomed.

The investigating committee found many heartrendering conditions. A widow with six children or a sick father was struggling to keep the little family together until they could become wage earners.

Conditions which made the members of the committee feel that they wished they were able to give more assistance to the home makers were apparent.

The money amounting to over $20 was sent to the Children's Home, together with clothes and the total contribution from the Peabody School.

At Captain Sweeney's request this same committee visited the colored schools and there was a hearty response Their donations were distributed by a committee of their own to their own people.

NEWS OF THE DAY

The London Morning Post's Petrograd correspondent cables: "Russia is awaiting with intense excitement the full details of the magnificent victory of her troops. I am in a position to say that when the story is allowed to be told we shall have a deed to recount that will astonish the world. Russian prowess has already inflicted on Germany's finest troops what the world never has seen since the days of Napoleon. Something very terrible indeed, but no less grand, is happening as I write, and possibly I may be allowed to tell it on Monday, but in the meantime I must observe silence."

Announcement was made in New York yesterday that the Lackawanna road has determined to operate all its trains between Hoboken and Buffalo by wireless and to maintain the regular telegraph system only for use in emergency between these points. The perfection of the wireless and its cheapness in operation when compared to the old wire system made its adoption practical. Lackawanna officials agree that the wireless in addition to reducing the cost of maintainance will insure service at all times of the year.

That the Khedive of Egypt was shot while in Constantinople on July 27, is revealed in the Cri de Paris, which says the Khedive was emerging from the Sublime Porte after a conversation with the grand vizier when a young Egyptian shot him. The bullet penetrated both the Khedive's cheeks. His assailant was kicked to death by the crowd which had witnessed the shooting.

British naval losses, confirmed by the admiralty now total nineteeen warships, including a dreadnought, a battleship, cruisers, submarines and other craft. A statement issued by the admiralty on Wednesday placed the life losses in the navy at 4,327 officers and men killed, 473 wounded, 968 missing, and 1,573 captives or interned. To this total must be added 750 lost on the Bulwark Thursday. In addition to the loss of nineteen warships, reports from German sources, unconfirmed by the admiralty, tell of the destruction or sinking of three destroyers and four light cruisers.

Adressed to the millions of Mohammedan adherents throughout the world, a proclamation announcing a holy war against Great Britain, Russia and France was issued in Constantinople yesterday by the Sheik ul Islam, head of the Mohammedan faith. The proclamation was signed also by 28 other Mohammedan priests high in church councils. The decree may loose millions of Moslems to war in the name of Allah upon the nations mentioned.

Passengers arriving in New York yesterday on the steamer Lusitania from Liverpool, say the dreadnought Audacious, reported sunk off the Irish coast, has been raised and is now in a Harland & Wolff dry dock at Belfast undergoing repairs.

The British admiralty announces that the collier Khartoum has been blown up by a mine off Grimsby. The crew of the Khartoum was landed at Grimsby. It is reported that two British steamers were sunk off Havre Thursday by German submarines.

CLOSE OF GREAT STATE CONFERENCE

Thousands of Boys and Girls in Two-room Schoolhouses in Virginia

ALLEGED ILLITERACY

Strong Resolutions Adopted by Educators at Close of Meeting in Richmond Yesterday.

Richmond, Nov. 28.—At least 100,000 boys and girls are being educated—if the word can be used—in one and two room school houses in Virginia declared J. H. Binford, executive secretary of the Cooperative Education Association of Virginia, before the Virginia Education Conference last nght, and these are not as efficient as the one room school of thirty years ago. He said that 80 per cent of the rural teachers are without professional training; that 50 per cent of them are in communities new to them, and that 85 per cent of them are teaching for the first time. Though he was hopeful of the outlook, Professor Binford practically brought an indictment against the method of teaching children in the rural communities, and considered it a prime matter of importance that the State should better prepare its young people against the days that they are to become citizens and voters of the Commonwealth.

Mrs. B. B. Munford, president of the association, delivered her annual report on the "Pressing Educational Problems in Virginia," and a stirring address on "The Citizens' Part in Public Education" was delivered by Attorney General John Garland Pollard.

Professor Binford spoke on "Closer Superivision of Country Schools," and suggested that the way of improvement lay in building better schools, in having longer school terms and in having teachers who have been trained for one of the greatest and most sacred of all the professions. Further improvement would be gained by having the schools properly supervised by highly trained men and women.

In making her report, Mrs. Munford said that the object of the Association was to have better primary schools, better high schools, better trained teachers, more and improved equipment and the organization of citizens' educational associations.

The association went on record as favoring compulsory education.

Richmond, Nov. 28.—The following officers for the ensuing year were elected by the Virginia State Teachers' Associaton at their meeting yesterday afternoon:

Algar Woolfolk, of Richmond, president; George W. Guy, of Hampton, treasurer; J. H. Binford, of Richmond, secretary; A. B. Chandler, of Fredericksburg, first vice president; S. E. Ames, of Driver, second vice president; W. B. Coggin, of Providence Forge, third vice president; F. M. Martin, of Petersburg, fourth vice president; Charles Friend of South Boston, fifth vice president; D. E. Mc Quilkin, of Roanoke 7th vice president; W. T. Mc Manaway of Hillsboro eighth vice president; W. R. Bowers, of Rural Retreat, ninth vice president. A. C. Kinler, of Waynesboro tenth vice president.

Resolutions were passed by the association before it adjourned deploring the high per cent of illiteracy in the State and heartily endorsing the adoption of the compulsory education law, but regretting the insufficiency of that law and urging a statewide compulsory statute.

VILLA MAKES STRANGE MOVE

Said to Have Left Tula and Gone One Hundred Miles Away.

ZAPATA HAS CAPITAL.

Guadalajara, Second City of Importance in Mexico, Captured by Villista Troops—Will Call Congress.

El Paso, Tex., Nov. 28.—General Francisco Villa, commander in chief of the Mexican convention forces has left Tula, a short distance from Mexico City, and has gone to Huichapan, in Hidalgo state, 100 miles away. Villista officials at Juarez declined to explain this movement, although they had offical messages announcing it.

There are unconfirmd rumors that Villa had a disagreement with General Zapata and that this caused him to leave the immediate vicinity of the capital. Several trainloads of Villa's troops, commanded by Colonel Carlos Domiguez, already have joined the Zapatistas in the capital, however, which would seem to discredit the report.

No reports of conditions in Mexico City have been wired to the border General Margana, one of Zepata's subordinates, commands there.

Guadalajara, second city in importance in Mexico, has been captured by Villista troops.

Washington, Nov. 28.—Reports from Mexico City today show that the permanent committee of the Aguas Calietes convention intends calling Congress to meet in the near futur.

Fresh meats and fish were unchanged in prices.

REPEATS HIS INNOCENCE.

Frank Declares he Has Been "Prosecuted Wrongfully And Grotesquely."

Atlanta, Ga., Nov. 28.—Leo M. Frank, under sentence of death for the murder here in April, 1913, of Mary Phagan, has given out a statement to the public declaring his innocence of the crime and reviewing the circumstances of his trial, and the legal steps taken to obtain for him a rehearing or the setting aside of the verdict.

Frank's statement was issued from his cell in the Fulton county jail where he has been confined since his arrest two days after the discovery of Mary Phagan's body in the basement of the pencil factory of which Frank was superintendent. He declared he has been "prosecuted wrongfully and grotesquely for a crime of which I have no knowledge," and said that in all the steps taken for a new trial the question of his guilt or innocence never has been reviewed by the higher courts, but only the legality of the proceedings has been considered.

Commenting upon the conditions and circumstances of his trial in Atlanta in July and August, 1913, the prisoner in his statement says "the jurors heard the demonstrations both within and without the court room the applause when the prosecution scored a point, the disapproval when the defense won a point; they saw the chief of Atlanta police and the colonel of the militia in conference with the judge."

The statement relates briefly the actions of Frank on the day the murder was committed and the prisoner then turns to a vigorous denunciation of James Conley, colored, who was employed as a sweeper at the pencil factory, and who was the prosecution's principal witness. Conley now is serving a year's prison sentence upon conviction last February as an accessory after the fact to the Phagan girl's murder.

"It was not shown," the statement declares, "that Jim Conley who had a long police court record, had neith. the motive to conceive the crime nor the opportunity to committ it. Before you can take his word he must know that he himself is innocent."

"Joshua's Apostrophe to the Sun" will be discussed tomorrow night in the M. E. Church South by the Rev. Dr. J. W Duffey in his series of talk on "Science and the Bible."

FIERCE FIGHTING IN EAST PRUSSIA

Germans Reported Thrown Back Fifty-four Miles From Warsaw.

RUSSIANS PURSUING

Muscovites Capture Six Thousand Prisoners and Many Guns—Report Great Loss to Germans.

Petrograd, Nov. 28.—Russian forces are now vigorousy assailing the Germans intrenched in the vicinity of Lodz, Zdunska, and Wola.

This is the district in which unofficial dspatches insist a large detachment of the army of General Von Hindenburg has been virtually surrounded and is in danger of destruction or capture. A desperate battle is raging.

An official statement today, based upon a report received from Grand Duke Nicholas, of the operations in Poland, tells of the fighting along the vast Polish front.

The Germans, who advanced along the Vistula by way of Plock, have been thrown back within ten miles of that town, which is fifty four miles from Warsaw.

The report from the grand duke sets up no claims of the rout of the German forces, except upon the southern end of the battle line, where the Austro German army is declared to be retreating toward Cracow in great disorder. The Russians are vigorously pursuing the retreating forces.

In all, more than 6,000 prisoners have been taken by the Russian army and many guns captured. It is evident that the most desperate fighting has marked the engagements along the entire line, the statement frequently referring to the use of the bayonet in driving out the Germans.

The official Army Messenger makes the following announcement:

The Russian troops have redoubled their offensive. An entire German corps surrendered when cut off from the main army in Poland.

Another corps has been surrounded and probably will have to surrender.

A German army corps averages 40,000 men.

The terrific losses suffered by the Germans have compelled them to weaken in their offensive though they have rushed up great numbers of re enforcements. It is expected that formal announcement of a complete and overwhelming victory in Poland will be made by the Grand Duke Nicholas within a short time.

GREAT WAR LOAN TAKEN.

With Nearly 100,000 Applicants Britain's Call for $1,750,000 is Oversubscribed.

London Nov. 28.—Chancellor of the Exchequer Llyod-George announced in the House of Commons yesterday that the war loan of 350,000,000 pounds ($1,750,000) had been greatly oversubscribed.

The Chancellor gve no figures. He said, however, that a feature of the loan was the enormous number of individuals, totaling nearly 100,000, who had made application for small sums. These, the Chancellor declared, would receive the first allotments.

In the course of a statement concerning financial conditions in the country, the Chancellor stated that the financial deadlock which followed the outbreak of war was due to inability to collect outstanding debts abroad.

As an instance Mr. Lloyd-George referred to the United States which he said, owed Great Britain about a thousand millions sterling, ($5,000,000), "but we could do no business," he added.

NOTICE TO B. P. O. ELKS.

A lodge of sorrow will be held in our hall tonight at 8 o'clock to take action on the death of Brother E. B. Key and arrange to attend his funeral tomorrow afternoon at 3:30 o'clock from Wheatley's Chapel.

By Order of the Exalted Ruler.

NO EPIDEMIC IN CATTLE

No Cases Reported Among Stock of Alexandria and Fairfax Counties.

No cases of the dreaded 'hoof and mouth' disease exist among the cattle of Alexandria and Fairfax counties according to reports received in the office of Dr. E. A. Gorman, health officer of Alexandria. A rigid inspection of the dairies and cattle herds of the two counties has just been completed by Dr. J. J. Garvey, deputy health officer, and officials of the department of agriculture of the United States government. As a considerable portion of the milk supply of Alexandria and Washington comes from these two counties it was deemed necessary to make a thorough investigation of the condition of the cattle. The closing of the hunting season in Fairfax county was due to the fear that the disease might be brought into the county by hunting dogs from other sections and not because there were any indications that the disease had been found in the county. It is said that other counties in the eighth congressional district will follow the example of Fairfax county in closing their hunting season at an early date.

Dr. Braithewaite of the pure food department of the Virginia Board of Health, is in Alexandria today inspecting food supplies. He came to the city at the request of Dr. Gorman.

CLAMORING FOR FACTS.

It is realized that since Europe plunged into war but few actual facts have been allowed to filter through the strict censorship that been enforced by both sides. Dispatches from Petrograd, London and Paris stand in marked contrast to those sent out from Berlin and Vienna. According to present advices from the Russian capital, the German army is about to be annihilated, while papers of the Fatherland continue to print encouraging news from the Kaiser's troops in the eastern and western armies.

People living in the countries now at war have grown weary of these procedures, and like one of Dickens's characters in "Hard Times," they are demanding facts.

The people of St. Petersburg have been kept in suspense during the past few days. While semi-officially it is announced that the Czar's army has placed the Teutons in a dangercus position, the authorities refuse to confirm or deny these reports. The Russian public is naturally restive, and they are becoming more loud every day at the obstinacy of their officials.

Dispatches from Berlin represent similar conditions in that city. The Germans are anxious to know what is really taking place. Reports to the effect that "conditions are unchanged" or "that there is nothing new to report" have long since become monotonous.

The English and French, while manifesting more patience than the other combattants, occasionally give vent to their indignation at the meagre news which is allowed to leak out.

People of the United States, under such conditions, have but a vague idea of what is transpiring, the dispatches being contradictory and unsatisfactory.

Methods adopted by European nations while hostilities are under way are strange to the rank and file. It will be remembered that after the fleet of the United States destroyed the ships of Admiral Cervera at Santiago dispatches were published in Madrid to the effect that the Spanish fleet had won a great victory. The above may be on a line with the reports of the wholesale victories of the Russians in East Prussia.

HIGH SCHOOL NOTES

Thanksgiving Holiday at High School from Wednesday to Saturday Societies Meets.

Thanksgiving holidays at the High School began on noon Wednesday and ended yesterday. The decision of the school board giving them these holidays was given a hearty welcome by the pupils. They will return to school Monday.

Benefit at Skating Rink.

An important meeting of the boys' Athletic Association was held Tuesday afternoon at three o'clock. Mr. C. J. Selvage, proprietor of the Armory Hall Skating Rink, had offered half of the receipts of the rink on next Wednesday afternoon, December 2, to the athletic association, His offer was accepted by the association and tickets were distributed among the members. Persons desiring to go can secure them from High School pupils. There will be special music for the skaters on that afternoon.

High School to Challenge for Championship.

It was also decided at the meeting that, if John Marshall High School wins from Roanoke in the football game today, Manager Bladen of the A. H. S. eleven will challenge John Marshall to a game next week for the high school championship of Virginia. If John Marshall loses nothing will be done, and even if she wins she will not have to accept the challenge, but it is hoped she will do so, as the A. H. S. team is confident of winning from them in case a game can be arranged.

Preparations for Plays.

At the regular meeting of the A. H. S. Literary Society last Saturday night it was decided to commence arrangements for two plays to be given as soon after New Year's as possible. Owing to the success of their two theatrical ventures last year the society feels that as hearty a welcome this year as last will be given to them and accordingly at the next meeting on December 6 will start their plans in order to commence rehearsals directly after Christmas holidays.

The program for the meeting was very interesting. Declamations were rendered by Miss Alice Bladen and Ashby Bladen. In the debate, Miss Greenaway was excused on account of illness but her partner, Miss Audrey Gaines, upheld so well the negative side of the question, "Resolved, that the president of the United States should be elected for one term of six years," that she was given the decision of the judges, Miss Bontz, Mr. Blanton, and Mr. Frank Johnston, The affirmative side was taken by Miss Dora Dickert and Edwin Duncan who also argued very convincingly.

Suggestion was made by the Critic that owing to the rapid enlargement of the society's membership, preparations be made for the securing of a larger place of meeting, and also that a larger number of declaimers be put upon the program for each meeting.

Managers elected

TheAthletic Board of the Boys' Atn letic Association has elected Herbert Byrne manager of Basketball and John Readon manager of baseball. Captains will be elected by members of last year's teams at the beginning of the respective seasons of these two sports.

Red Cross Contributions

Contributions have been started in the High School for the purchase of cotton for the Red Cross in Europe. Ten pounds were sent Tuesday afternoon by the Third year. In one class of the Second Year the contributions received have totaled over two dollars.

THEY ALL DEMAND IT.

Alexandria like every city and town in the Union, receives it.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Alexandria evidence of their merit.

Mrs. Annie Scott, 110 Prince St., Alexandria, says: I had pains in my back and I couldn't rest well. In the morning I always felt tired and worn out, and I also had dizzy spells. Doan's Kidney Pills did such good work that it is a pleasure to recommend them to other kidney sufferers. I am the same strong friend to Doans Kidney Pills today as I was some years ago when I told of the cure they had made for me. The cure has been lasting.

Price 50c at all dealers. Dont simply ask for a kidney remedy—get Doans Kidney Pills—the same that Mrs. Scott had. Foster Milburn Co., Props., Buffalo, N. Y.

DURATION OF THE WAR

General Joffre Thinks Conflict With Terminate in 1917.

Paris nov. 28—The Paris edition of the London Daily Mail prints the following prediction by a military authority as to the length of the war, saying that it is believed to be the expression of General Joffre's opinion although it is known that the French commander-in-chief is by no means given to forecasts.

"His estimate is based on the belief that the Germans will commit no great tactical error.

"He divides the war into six periods—two past, one present, and three to come.

"The first period was the advance through Belgium into France.

"The second period was the battle of the Marne and the German retreat to the Aisne.

"The third period is that of the fighting on the Aisne, continuing and developing into the battle for Calais

The fourth period will be a German retreat and a battle on the Meuse.

"The fifth period will be a further retreat and a battle on the Rhine.

"The sixth period will be the march to Berlin.

"He estimates that the battle for Calais will not completely end before the beginning of December.

"He assigns a period of five months to the battle of the Meuse—the end of April or the beginning of May 1915.

"The campaign on the Rhine should last nearly twice as long—that is to say, until February 1916.

"The final march to Berlin and negotiations for peace should bring the war to an end, with the final withdrawal of the allied armies of occupation in 1917."

JAPAN REBUKED KAISER.

Petrograd, Nov. 28—The newspaper Retch prints an explanation of the mysterious reference by A. J. Balfour, former premier of Great Britain, at the Guildhall banquet in London on November 10, to "one of the most impudent messages ever addressed by one monarch to another."

The Retch says that on the eve of the fall of Tsingtau the kaiser sent a message to the mikado, in which he proposed to conclude peace with Japan by accepting all the conditions which the mikado might be pleased to fix. But the German emperor exacted one condition, namely, that Japan should attack Russia. The mikado declined emphatically to accept the proposal, and added:

"That day when the last foothold of German culture in the East falls will be one of the most glorious in Japanese history."

The mikado concluded by telling the kaiser that he had deceived himself enormously by thinking that Japan, like Prussia, was capable of violating treaties.

The mikado handed the kaiser's telegram and a copy of his reply to the British Minister.

RUSSIAN EXPLOIT.

Admiral von Essen Sinks German Cruiser and Damages Smaller Craft.

London, Nov. 28—The Morning Post's correspondent in Petrograd says:

"A very smart piece of naval work was achieved by the Russian Baltic fleet, commanded by Admiral von Essen. It will be remembered that a number of German war vessels put into the Kiel Canal, with injuries in some cases so serious that vessels actually sank in the canal. Nothing official was ever allowed to be known of this Russian exploit, nor can all the details be told even now.

"German vessels had acquired the habit of cruising about the Baltic up to the limits which the Russian fleet had decided to hold and doubtless put up severe pressure upon Sweden. Receiving certain information, Admiral von Essen painted several cruisers and destroyers in the German colors and contrived in foggy weather to join the German ships unsuspected until too late. At a convenient moment he opened fire and sank one German cruiser and badly damaged another, while the destroyers put in good work on smaller German craft. After this the Russian vessels went home untouched."

We strongly urge our customers to take in their winter's supply of fuel early.

Coal mined in the summer and early fall months is generally more carefully prepared and the supply is more certain at this time than it might be later this year.
